Sub.: Regarding Summer Research Fellowship Programme...

Ref. : Letter from Indian Academy of Sciences, Bangalore.

Respected Sir/Madam,

With reference to above mentioned subject, Indian Academy of Sciences, Bangalore have informed about "Summer Research Fellowship Programme". This programme enables young and motivated students and teacher to work with distinguished scientists of the country for two months. (Attached Brochure)

You are requested to circulate the brochure among all students and teachers to apply for the fellowship.

Thanking you,

Dr.V.B. Gaikwad,
Director, BCUD

Dear Professor Gade,

The three National Science Academies of the country (Indian Academy of Sciences, Bangalore; Indian National Science Academy, New Delhi and The National Academy of Sciences, India, Allahabad) have been running a very successful summer research fellowship programme for students and teachers. This programme enables young and motivated students and teachers to work with distinguished scientists of the country for two months.

Enclosed are 10 copies of a poster describing the details for inviting applications for the 2014 programme. The last date for receipt of applications is 30 November 2013.

Kindly request your colleagues to display them prominently on the notice boards of all the science departments, main library, canteen, hostels and other prominent places of your University to enable students and teachers to apply for the fellowship.

If you need additional copies of the poster, please write to us or send us an email (madhavan@ias.ernet.in)

With best regards,

Sincerely,

N Mukunda

Science Academies' Summer Research Fellowship Programme for Students and Teachers – 2014 (SRFP – 2014)

The three national science academies offer several two-month Summer Fellowships to enable students/teachers (studying/teaching in India) to work with scientists associated with the three Academies during 2014. A copy of the application format, instructions to applicants including eligibility criteria, and a list of names of scientists/faculty who have consented to guide students/teachers to work on short-term projects is displayed online.

Applications are invited from interested students and teachers from all universities and colleges affiliated to UGC/AICTE/MCI/Accredited Institutions of State Universities for these Fellowships. The application should include: (a) the application form in the prescribed format; (b) a write-up (in about 150–250 words) as to what the applicant wants to learn and achieve; (c) the guide with whom the applicant would like to work. Student applicants should include a recommendation letter from a teacher (in the prescribed format) familiar with their work, in a sealed envelope. The selected candidate may work with the assigned guide for two months any time during the calendar year, preferably during the summer.

Applications should be submitted **online** through one of our websites [www.ias.ac.in; www.insaindia.org; or www.nasi.org.in]; however, a copy of the application together with enclosures must be sent by speed post

or courier to **The Coordinator, Science Education Programmes, Indian Academy of Sciences, CV Raman Avenue, Near Mekhri Circle, Sadashivanagar, Bangalore 560 080**. The registration number assigned soon after online submission must be quoted both in the hard copy of the application to be sent and in the letter of recommendation to be forwarded by the teacher in the case of student applicants.

The last date for receipt of applications online is **30 November 2013**.

Information of selection along with concurrence of the guide will be despatched around **February–March 2014**. The selected students/teachers will be provided appropriate round trip train fare and a monthly fellowship to meet their living expenses at the place of work.

All correspondence should be addressed to:

FEEDBACK

May I request you to please keep me posted about the announcements of SRFP as many bright students here at DEII wish to apply for the same.

- A 2013 Guide

Thank you for opening such a wonderful opportunity for young Indian students and help them expose more to the scientific world

- A 2013 Student

Resonance

Journal of science education

Designed to enrich teaching and learning of science, particularly at the undergraduate level. **Resonance** is a popular science journal which presents important concepts and facts in a reader-friendly way, with suggestions for experiments and observation. **Resonance** covers a vast range of topics, with general articles, guest columns, series devoted to specific themes, research news, book reviews, reprinted classics, articles on famous scientists with a portrait, quotations and anecdotes, career information, etc.
