### The Principal

Subject: Invitation for School Registration in GREEN Olympiad 2023

Dear Sir/Madam,

The Energy and Resources Institute (TERI) is an independent, globally recognized, multi-disciplinary organization with core interests and capabilities in research, implementation, policy, and consultancy. We are steadfast innovators and agents of change in the diverse areas of energy, environment, climate change, natural resources, and sustainable development, having pioneered action in these areas for over four decades.

TERI invites you to participate in its flagship initiative for students, 'GREEN Olympiad 2023'. The examination serves a dual purpose of testing the environment quotient of students and enhancing their understanding about issues related to sustainable development. It is open for students of Std. 4 to 12, and is divided into 4 difficulty levels (Level 1: Std. 4-5; Level 2: Std. 6-8; Level3: Std. 9-10; and Level 4: Std. 11-12). The questions will revolve around thematic issues related to Environment, Sustainable Development, Green skills, and Mission LIFE.

In 2023, GREEN Olympiad will be held OFFLINE on September 1, 2023 and October 12, 2023. Schools have an option to choose any one date for conducting the examination. I request you to kindly circulate this information and encourage students to participate in this initiative. Guidelines and the registration form are attached with this letter. For registering your school online, kindly log on to [www.teriin.org/olympiad](http://www.teriin.org/olympiad)

All students will receive certificates in various categories, and coordinating teachers will also be acknowledged for their contribution. For further details on prizes, registration and examination, kindly visit the project website: <https://www.teriin.org/olympiad> or call us at 011-24682100.

Last date for submitting your registration along with supporting details is 15 July 2023. We look forward to your school's active participation in this unique initiative.

With sincere regards,

Livleen K Kahlon
