ELP: Digital Agriculture Mission

ELP: DIGITAL AGRICULTURE MISSION

FARMER REGISTRY

- The Farmer Registry is a key component of India's Agri Stack initiative, a digital infrastructure aimed at modernizing agriculture.
- The registry consolidates land, crop, and other data, enabling farmers to access government schemes, subsidies, and credit easily.

ELP: DIGITAL AGRICULTUR E MISSION

WHAT'S YOUR ROLE IN THIS?

Assisting Farmers with Digital Registration:

- Help farmers register their land and personal details on the digital platforms like App.
- Educate them about the benefits of the registry, including easier access to subsidies, loans, and government schemes.

Data Collection & Verification:

- Assist in collecting and verifying landholding records, cropping patterns, and Aadhaar-linked details.
- Work alongside local authorities such as Gram Panchayat/Talati/Tehsildar to ensure data accuracy and authenticity.

Suggestion and feedback:

- Provide feedback on the on-ground challenges faced by farmers during registration.

ELP: DIGITAL AGRICULTUR E MISSION

DIGITAL CROP SURVEY

- A digital crop survey is a mobile-based survey that records the crops sown by farmers in a given season.
- It uses technology like geo-fencing and satellite imaging to capture images of crops and provide information about them.
- The goal of a digital crop survey is to create a reliable source of data about crops and farmers that can be used by multiple departments.

ELP: DIGITAL AGRICULTURE MISSION

WHAT'S YOUR ROLE IN THIS?

Conducting Field Surveys:

- Visit assigned farmlands to record crop details using mobile apps.
- Capture geo-tagged images of crops for accurate mapping.
- Verify farmer details and ensure correct data entry.

Educating Farmers on Digital Agriculture

- Conduct awareness sessions on how technology can improve farming decisions.
- Explain the benefits of digital crop surveys, such as better insurance claims, access to subsidies, and financial aid.

ELP: DIGITAL AGRICULTURE MISSION

WHY SHOULD YOU GO FOR IT?

- Get hands-on exposure to digital agriculture and learn how data collection works on the ground.
- Work directly with farmers, use geo-fencing tools, and see how satellite imaging helps in crop mapping.
- Connect with government officials, agricultural specialists, and policymakers and gain valuable insights into the sector.
- Earn certificates (min 15 days completed) with government badging on it and incentives for your contributions which will enhance your profile.
- Improve your problem-solving, communication, and research abilities.

FEATURES OF MY BHARAT

VOLUNTEERING AND COMMUNITY BUILDING

The **MY Bharat Portal** helps young people take part in volunteering and community service activities. These activities allow them to help society, learn new skills, and make a real difference.

Volunteering Opportunities:

- **Education & Literacy:** Teach children, help adults learn to read, and support online learning.
- **Environment Protection:** Plant trees, clean public places, and spread awareness about climate change.
- **Health & Well-being:** Help in health camps, blood donation drives, and mental health programs.
- **Women Empowerment:** Awareness for Women helpline, Dowry Act, Cybercrime, and other Social welfare schemes.
