Restructured Syllabus (2024 Pattern as per NEP-2020) Faculty: COMMERCE & MANAGEMENT (Commerce) Program Name: B.Com.

Class: SY B.Com. Sem-III
Title of the Course: Field Project

A) Introduction:

The field-based learning/project should attempt to provide opportunities for students to understand the different socio-economics contexts. It should aim at giving students exposure to development-related issues in rural and urban settings. It will provide opportunities for students to observe situation in rural and urban contexts, and to observe and study actual field situations regarding issues related to socio-economic development. Students should be given opportunities to gain a first-hand understanding of the policies, regulations, organizational structures, processes, and programmes that guide the development process. They should have opportunity to gain an understanding of the complex socio-economic problems in the community, and innovative practices required to generate solutions to the identified problems.

The main objectives of NEP 2020 are to make holistic development of students. In line with the NEP 2020 objective of student's holistic development to improve the employability of students at the same time to nurture better understanding of socio-economic context. Field project work will provide students opportunity to visit and observe situation in rural and urban contexts; students are expected to visit, observe and study actual field situations in socio economic contexts while doing their field study. It will improve opportunities to understand interconnect between theoretical knowledge and practical applications. Field Project is expected to enhance their sensitivity to socio economic issues and improve their ability of critical thinking and problem solving as well as designing innovative solutions to the existing and emerging problems. Field Project component will broaden the possibilities of deeper learning and enhancing research acumen of students. Field Project broadens opportunities of social responsibility, environmental sustainability, nation building and peace.

A Field Project for B.Com. Programs introduced by the Savitribai Phule Pune University in the major subject of Accountancy and Taxation, Cost and Management Accounting, Business Administration, Marketing, Business Laws, Business Practices, Banking, Finance and Insurance, and Business Mathematics, Statistics and Analytics Students under NEP 2020 will provide a transformative educational experience that goes beyond textbooks and traditional classroom learning typically in collaboration with businesses or organizations.

The objective is to enhance students' understanding of commerce-related concepts and develop practical skills that will be valuable in their future careers. Field Projects can vary widely depending on the specific focus area within commerce, such as Financial Accounting, Management Accounting, Cost Accounting, Social Responsibility Accounting, Human Resource Accounting, Inflation Accounting, Finance, Auditing, Corporate Governance, Capital Structure, Blockchain, Financial Technology, Forensic Accounting, Business Administration, Business Practices, Business Laws, Marketing, Business Mathematics, Statistics and Analytics and other relevant and contemporary topics in the same disciplines of the faculty as per time-to-time development /as per the need of Industry etc.

Field Projects for B.Com. Program Students not only intensify their understanding of theoretical concepts but also equip them with practical skills and experiences that are valuable in their future careers.

Field Projects empower students to bridge the gap between theory and practice that enhance their academic knowledge and prepare them for the dynamic challenges of the business world, fostering the development of critical skills, a professional mindset, and a comprehensive understanding of the field of commerce. Ultimately, field projects empower commerce students to enter the workforce with a holistic skill set, positioning them as skilful professionals capable of navigating the complexities of the business sphere.

B) Course Objectives:

- 1. To provide a transformative educational experience that goes beyond textbooks and traditional classroom learning typically in collaboration with businesses or organizations.
- 2. To strengthen students' understanding of commerce-related concepts and develop practical skills that will be valuable in their future careers.
- 3. To intensify students understanding of theoretical concepts and equip them with practical skills and experiences that are valuable in their future careers.
- 4. To bridge the gap between theory and practice that enhance their academic knowledge and prepare them for the dynamic challenges of the business world, fostering the development of critical skills, a professional mindset, and a comprehensive understanding of the field of commerce.
- 5. To develop a holistic skill set, empowering students to become skilled professionals capable of navigating and analysing the complexities of the business and socio-economic landscape.
- 6. To foster ability of students to work in team, develop social awareness and nurture human values among students.
- 7. To enhance research and analytical skills by encouraging students to collect, observe, and analyse field data, and to develop problem-solving skills through identifying issues and suggesting practical recommendations.
- 8. To encourage collaboration between Higher Education Institutions, Government Organizations, Non-Government Organizations, Social Organization, Business and Industry Organization for better implementation of Field Project.
- 9. To nurture teamwork, ethical awareness, and human values, promoting social sensitivity and civic responsibility among students.
- 10. To foster institutional collaboration between Higher Education Institutions (HEIs) and external stakeholders including government bodies, NGOs, social enterprises, and industry—for effective implementation and broader community impact.

C) Course Outcomes:

After Completion of the course, the student will be able to;

- 1. Apply various concepts learned in the classrooms to real-world socio-economic contexts, thereby enhancing their understanding, practical skills, and decision-making abilities.
- 2. Demonstrate awareness and insights into the cultural, economic, and social diversity of communities, preparing them to act as responsible, inclusive, and informed citizens.
- 3. Analyse field data to showcase research aptitude, critical thinking, and ethical conduct in handling socio-economic issues using appropriate statistical tools and methodologies.
- 4. Evaluate complex real-life situations to make informed and evidence-based decisions using problem-solving strategies and critical thinking.
- 5. Collaborate effectively in diverse teams to achieve shared project goals, demonstrating interpersonal skills, coordination, and collective responsibility.
- 6. Exhibit professional integrity and ethical standards in all field interactions, upholding honesty, accountability, and respect in both data handling and human engagement.

D) Significance of a Field Project:

1) Application of Theoretical Knowledge:

- a) Allows S.Y. B.Com. students to apply the theoretical concepts learned in the classroom to real business situations.
- b) Bridges the gap between academic learning and practical implementation.

2) Hands-on Experience:

- a) Provides hands-on experience in various aspects of commerce such as Financial Accounting, Management Accounting, Cost Accounting, Social Responsibility Accounting, Human Resource Accounting, Inflation Accounting, Finance, Auditing, Corporate Governance, Capital Structure, Blockchain, Financial Technology, Forensic Accounting, and other relevant and contemporary topics in the same discipline as per time-to-time development /as per the need of industry etc.
- b) Enables students to develop practical skills that are essential in the professional world.

3) Problem-Solving Skills:

- a) Challenges students to solve real-world business problems, enhancing their critical thinking and problem-solving abilities.
- b) Encourages innovative thinking and creativity in finding solutions.

4) Integration of Specialization Knowledge:

a) Depending on their chosen specialization, students will integrate and apply specialized knowledge to the specific context of their Field Project.

5) Interaction with Industry Professionals:

- a) Offers opportunities for students to interact with professionals in the industry, gaining insights, guidance, and networking opportunities.
- b) Facilitates mentorship and the exchange of ideas between students and experienced professionals.

6) Understanding Business Practices:

- a) Allows students to gain firsthand experience in the day-to-day operations of businesses, helping them understand the practical aspects of business management.
- b) Provides exposure to industry best practices and real business challenges.

7) Professional Development:

- a) Enhances professional skills such as communication, teamwork, time management, and project management.
- b) Builds confidence and prepares students for the demands of the corporate world.

8) Report and Presentation:

- a) A crucial aspect of the Field Project will be the preparation of a comprehensive report.
- b) Additionally, students will be required to present their project outcomes to faculty or industry experts.

9) Business/Industry Relevance:

- a) Ensures that students are aware of the current trends and challenges in the industry.
- b) Helps students stay updated with industry practices, making them more adaptable and relevant in their future careers.

10) Research and Analysis Skills:

- a) Develops research and analytical skills as students gather and analyse data for their projects.
- b) Fosters a deeper understanding of Financial Accounting, Management Accounting, Cost Accounting, Social Responsibility Accounting, Human Resource Accounting, Inflation Accounting, Finance, Auditing, Corporate Governance, Capital Structure, Blockchain, Financial Technology, Forensic Accounting, and other relevant and contemporary topics in the same discipline as per time-to-time development /as per the need of industry etc.

11) Preparation for Entrepreneurship:

a) If students aspire to become entrepreneurs, a field project can provide valuable insights into the challenges and opportunities of starting and managing a business.

12) Networking Opportunities:

a) Engaging in a Field Project may provide students with opportunities to connect with professionals, industry experts, and potential employers, expanding their professional network.

13) Resume Enhancement:

- a) Adds value to a student's resume by showcasing practical experience and the ability to apply theoretical knowledge in real-world scenarios.
- b) Increases the employability of students as employers often value practical experience.

E) Hints for choosing and preparing of a Field Project Topic:

1. Consider your interests and skills:

Choosing a topic that genuinely interests you fosters motivation and keeps you engaged throughout the project and analysis process.

2. Selecting a Relevant Topic:

Choose a topic aligned with your specialization, allowing for the practical application of classroom concepts. Consider current trends, issues, or challenges within the business or financial sector.

3. Focus and Direction:

A well-defined topic provides a clear focus for your field project, ensuring you stay on track and delve into a specific area within finance. The chosen topic allows you to showcase your field project, analytical, and communication skills effectively.

4. Define Clear Objectives:

Clearly outline the objectives of your field project.

5. Identifying the Scope:

Define the project's scope to ensure it is manageable within the given timeframe and resources. Set realistic expectations regarding the depth and breadth of your project.

6. Conduct a literature review:

Explore existing research on the topic to gain a better understanding of the issues involved.

7. Identify a research question:

Develop a clear research question that you can answer through your project.

8. Identify a real-world problem or challenge:

Choose a topic that addresses a specific problem or challenge faced by organizations in the human resource accounting field.

9. Choose a manageable scope:

Ensure that the project is feasible within the given timeframe and resources.

10. Industry or Sector Focus:

Tailor your field project to a specific industry or sector such as management, marketing, finance, accounting, costing, entrepreneurship, banking and finance, cooperation and rural development, business practices and environment or other commerce related disciplines.

11. Practical Application of Concepts:

Design your project to require the application of theoretical concepts learned in the classroom.

12. Project Presentation:

Include a presentation component where you communicate your findings, insights, and recommendations to your peers, faculty, or industry professionals. Utilize visual aids, such as charts and graphs, to enhance clarity.

13. Evaluation Criteria:

Understand the criteria for evaluating the field project, including factors such as research quality, analytical skills, presentation effectiveness, and the practical relevance of your findings.

14. Documentation:

Emphasize the importance of documenting the entire process, from project initiation to conclusion. This documentation includes research notes, analysis, and final reports.

15. Seek guidance from your professor or advisor:

Get feedback and advice on your project topic and research plan.

16. Networking and Career Opportunities:

A well-researched project on a relevant topic can spark discussions with professors, industry professionals, and even potential employers.

F) Role and Responsibilities:

1) College:

College has to provide all necessary facilities and requirements to the Head, Supervisor and Students such as Library facility, Internet Service, Electronic Gadgets etc. for smooth completion of Field Projects.

2) Head of the Department (HOD):

Allotment of supervisor to the students for field project should be done by Head of the Department. Head has to ensure about the required facilities provided by the College for smooth completion of Field Project.

3) Supervisor:

- a) To prepare a proper schedule of field project well-in-advance and display the same on the College Website at the beginning of the Semester.
- b) To incorporate all necessary instructions as well as guidelines of field project in the schedule for students' information.
- c) To conduct orientation sessions to meet the requirement of students for completion of field project.
- d) To review and approve Field Project topic.
- e) To take regular feedback and review on students' engagement on the field project.
- f) To monitor students field project progress and provide guidance.
- g) To keep the record of interaction with students.
- h) To collect and review progress reports.
- i) To evaluate Field Project Reports including documentations, presentations etc.

4) Students:

- a) To refer the schedule which is to be uploaded on College Website by each student.
- b) To select a topic from the suggested list or any other topic.
- c) To prepare Field Project Outline as per the selection topic of field project in consultation with your supervisor.
- d) To take approval for the topic and outline from your supervisor.
- e) To attend the orientation sessions on the field project is to be conducted by your supervisor.
- f) To attend the experts'/guest faculty sessions organized by your supervisor.
- g) To report the progress to your supervisor periodically or as per the instructions of your supervisor.
- h) To give the progress report presentation as per schedule issued by supervisor.
- i) To maintain the activity cum work report during field project period in the prescribed format provided by your supervisor and get it validated by the supervisor.
- j) To keep regular communication with supervisor for completion of field project.
- k) To complete the field project report as per the instructions issued by supervisor time to time and the same are mandatory on the students. It student fails to make compliance as

per the instruction issued by supervisor, then the student will be responsible for his/her academic loss.

- l) To prepare field project report as per guidelines issued by the University in consultation with supervisor.
- m) To give the field visit and maintain the record by every student.

G) Field Project Evaluation Pattern:

Field Project Report is based on the self-study done by the student and to be evaluated for 50 Marks altogether and 02 credits will be awarded to students. According to the guidelines outlined in the NEP Structure issued by the Savitribai Phule Pune University, evaluation of field project involves following Two Key Components:

1. Internal Evaluation: 40% (20 Marks), and

2. External Evaluation: 60% (30 Marks).

1. Internal Evaluation by Supervisor: (20 Marks):

Sr. No.	Criteria	Marks
A	Selection and presentation of field project topic	5
В	Attendance of sessions, engagement of students throughout the semester for field project, presentation of field project work progress, field visits etc.	5
С	Overall Quality of Report	10
	Total	20

2. External Evaluation by Supervisor: (30 Marks):

External Evaluation to be made by the Internal Examiner (Supervisor) and External Examiners (Appointed by the University) independently as per viva-voce schedule issued by the University at the end of the semester.

Sr. No.	Criteria	Marks
a	Overall quality of the field project:	10

H) Field Project Report: A Guiding Framework (Structural Guidelines):

A Field Project Report is an end result of field experiences, research, and analysis, reflecting the depth and breadth of the student's engagement during fieldwork. This comprehensive document serves as a testament to the student's ability to apply academic knowledge to real-world challenges within the field of commerce. Structural guidelines of the field project is as follows:

1) Cover Page: (Specimen-A)

It includes the title of the report, name of the university, name of the program, name of the specialization (major subject), name of the student, class with division, roll number, university seat number, name of the supervisor, name of the department, name of the college, month and year etc.

- 2) Field Project Completion Certificate: (Refer Specimen-B)
- 3) Declaration of Student: (Refer Specimen-C)
- 4) Certificate of Supervisor: (Refer Specimen-D)
- 5) Certificate of the Organization: (Refer Specimen-E)
- 6) Acknowledgments:

Express gratitude to individuals, organizations, supervisor and who assisted to make completion of this field project.

7) Table of Contents: (Refer Specimen-F)

It presents a clear and organized list of the report's sections and subsections with corresponding page numbers.

- **8)** List of Tables: (Refer Specimen-G)
- 9) List of Figures/Charts/Diagrams: (Refer Specimen-H)

10) Introduction:

Introduce the project, its context, relevance and significance of the chosen topic.

11) Profile of the Organization:

Provide a detailed overview of the organization where the fieldwork was conducted including information about its structure, mission, and industry context.

12) Review of Literature:

Review relevant literature and theoretical frameworks related to the field of study. Discuss how existing knowledge informs the project and its goals.

13) Research Methodology:

State scope of the study, statement of problems, limitations of the study, objectives, justification of objectives, working definitions of terms used, research design, data collection methods, tools used during fieldwork, rationale behind methodological choices, and outline the structure of the report.

14) Analysis and interpretation of data:

It deals with analysis and interpretation of data collected by the student in the context of objectives and statement of problems.

Interpret the findings in the context of the problem statement. Relate findings to existing literature and theories.

15) Finding and Recommendations:

Summarize findings obtained from the analysis and interpretation of data and proposes actionable recommendations based on the same with justifications. State the fulfilment of objectives of study and knowledge contribution likely outcomes.

16) Appendices:

a) References/Bibliography:

Provide a comprehensive list of all sources cited in the report using a standardized citation style.

b) Questionnaires:

Attach specimen of questionnaires.
